INVITATION FROM THE ORGANIZING COMMITTEE

Greetings from Italy!

I really want to share with you the great pleasure I feel to host the 28^{th} SOMP Annual Meeting and Conference to be held in Torino from July 3^{rd} through July 6^{th} , 2017.

It's an exciting time for all of us, as we continue to meet and bring together inspired people, to ensure that SOMP remains at the cutting edge in order to support Mining and the continuing need of Mankind for raw materials!

Here is the reason why, as organizer of this event, I really would like you to feel involved in this great experience: it will be our success. We should

all be very proud of where we are today and enthusiastic about where we are headed. So I ask you to stay engaged, keep us proactive and cooperate to shape the future of mining.

With regard to Torino, the hosting city of our forthcoming Annual Meeting and Conference, I want to share with you the words of the famous writer Umberto Eco who wrote:

"Without Italy, Torino would be more or less the same. But without Torino, Italy would be very different".

I'd like to thank you in advance for your important contribution and involvement in our future activities and I'm sure all of you will continue to support SOMP; waiting to meet you and to share the initiatives of the new year 2017, just around the corner.

Let's continue to support Mining and the continuing need of Mankind for raw materials!

Best regards/Mit freundlichen Grüßen und Glückauf
